Grand Jurors Called Back

May Look Into Letter On County Gambling

(Continued from Page One)

The county and, except when otherwise provided by law, shall prosecute on behalf of the state all complaints, suits, and controversies in which the state is a party.

"The office of the prosecuting attorney frequently receives letters and verbal information concerning not only gambling activities, but other offenses. In each and every case where the information is specific, proper investigative action has been taken. If the investigation reveals positive evidence, such evidence is brought to the attention of the Grand Jury and if indictments are returned, the charges are vigorously prosecuted.

"Unfortunately, only too often the letters and information referred to are vague, unspecific and ambiguous. They fail to give names, locations and dates and so forth. In most cases they are anonymous and it is only too apparent that every effort has been made to conceal the identity of the person furnishing the information.

"Such information is of little value.

"It is impossible to take any legal action concerning rumors and suspicions.

"Also please bear in mind that the laws of Ohio place all gambling offenses in the category of misdemeanors. Many of the municipalities in Columbus County have their own local ordinances pertaining to gambling.

"Those offenses committed within the limits of a municipal corporation are generally prosecuted either under the state laws or local ordinances, in mayors' courts, or, in the case of East Liverpool, in the Municipal Court. Such cases do not officially come to the attention of this office.

"However, in the event such matters are bound over for Grand Jury action by local municipal officials, or by justices of the peace, they are thoroughly investigated and, if indictments are returned, those indicted are prosecuted.

"Since this office is not provided with detective or secret service personnel, I must rely, generally, upon local law-enforcing officials and the sheriff and his deputies for information pertaining to the commission of offenses. Whenever I am furnished with this information, the necessary prompt and proper action is taken.

"Please understand that I will continue to the best of my ability to perform my duties in accordance with the prerogatives established by the laws of Ohio and the desires of the residents and citizens of this county."

Car, Tractor-Trailer Collide Near Wellsville

A car driven by William Alcock of Toronto, and a tractor-trailer operated by James T. Green of Akron collided this morning about 3:30 near the underpass at the west end of Wellsville.

Police said the car, owned by Lester Frank of Toronto, was damaged considerably while minor damage was reported to the truck.

O. B. Stockdale, 223 West Eighth St., East Liverpool, backed into a parked car owned by Dorman Stock, 2000 Buckeye Ave., Wednesday morning about 11 on Buckeye Ave., according to police.

Policeman Back In The Pink Again — Says He's The "Kilroy of Old"

HADACOL Relieves Lack of Energy When Due to a Lack of Vitamins B₁, B₂, Niacin and Iron

It takes a good man, a man that's really up and at 'em, to help keep an eye on one of the world's largest office buildings. So when Jimmy Kilroy, 1153 Beiden Ave., Chicago, Ill., found himself below par... in a sluggish rundown condition... he turned to today's great HADACOL. He'd heard how this wonderful formula corrected the real cause of such troubles when due to a lack of Vitamins B₁, B₂, Niacin and Iron. As a result, he's back in shape again, loaded with energy and enthusiasm.

Here's what Mr. Kilroy has to say. "A few lines to tell you the great things your HADACOL has done for me. As a prize fighter and now as policeman assigned to one of the world's largest office buildings, I have always had to be in the best of shape. A month ago I found I was in a rundown condition lacking energy, always tired and sluggish. And a young man one day said at one time he was the same. Advised me to buy a bottle of HADACOL, which I did. After two bottles, started feeling like myself and from there on I got new energy. Have been working in the gym 1 hour daily and everyone tells me how great I look and act. It really is a great product and I will always keep taking it. I feel like the Kilroy of old."

7 Take Exam Tonight For Health Clerk Post

Seven applicants will take the examination for stenographer-clerk for the Board of Health to be conducted by the Civil Service Commission tonight at 7:30 in the Council Chamber of the City Hall.

The commission will certify the names of the three who secure the highest grades and the board will make its selection for the \$183.75 per month job.

A special meeting has been called by the board Saturday at 7:30 p. m. in the department's headquarters in the City Hall to fill the position. The job has been vacant since Jan. 27 when Miss Kathryn Burbick, provisional appointee, gave up the post.

Banquet Set Tuesday For Lisbon Athletes

LISBON, March 8 (Special) — The date for the annual joint football-basketball banquet for Lisbon High School athletes was set tentatively for Tuesday night at a meeting of the mothers Wednesday night at the High School.

Arrangements for a speaker are being made by Football Coach Edwin Bucher and George Porter, a member of the Board of Education. Plans are to hold the dinner in the basement of the Presbyterian Church.

Dinner will be prepared for the boys and their dads by the mothers. Mrs. Norman Ward and Mrs. Clyde Pike are co-chairmen.

Union Shop Election Planned At Treadwell

The Pittsburgh office of the National Labor Relations Board will conduct a union shop election Friday from 2 to 4:30 p. m. at the Treadwell Construction Co. plant in Midland.

James Mullen of East Liverpool, International Steelworkers Union representative, followed the announcement with an appeal to 20 currently laid-off workers at the plant to appear for the election. The plant has 153 eligible voters, members of Local 1274, C.I.O., he said.

A majority vote will give the union the right, under the Taft-Hartley Act, to ask the plant for a union shop at the next contract negotiations.

Washington PTA Votes \$20 For Contributions

The Washington School Parent-Teacher Association voted a donation of \$15 to the City Federation and \$5 to Mrs. Edna Jones, school nurse, at a meeting Tuesday night.

John McCullough, president, appointed Mrs. Margaret Young, Mrs. James Goodwin, James Moss and Robert Garner to a nominating committee. He announced the group will sponsor an athletic banquet in April.

Mrs. John Gallagher was appointed chairman of the eighth grade party to be held in May.

A program was presented by students from the fifth and sixth grades.

School To Dispense With Easter Vacation

LISBON, March 8 (Special) — T. V. Utterback, superintendent of Fairfield Centralized School, announced today his teachers had voted unanimously to dispense with the Easter vacation in order to make up some of the time lost by bad weather.

Classes will be held on Good Friday, March 23 and Monday, March 26, originally set as holidays. He said the teachers feel their best students were not harmed by the enforced holidays, but that poorer students were

A Question Of Atmosphere

WALTER L. DUNHAM, the R.F.C. director who has been keeping a diary, told the Fulbright committee Wednesday that his was the "sad history of a businessman so naive and uninformed as to assume that the experience of a private banker over 30 years was sufficient to understand and cope with the political atmosphere of Washington."

He consulted his diary on the curious history of Washington friendships, which he now suspects may have been used to help him make up his mind, though he insists he did not knowingly yield to improper influence. But there is no doubt whatever that a government-by-crony policy was applied to some of the operations of the R.F.C.

That is what Senator Fulbright thinks his committee revealed. The paradox of the revelation is that everybody already knew it. Jesse Jones, who once directed the R.F.C., knew it years ago and recommended that the R.F.C. be abolished. The Hoover Commission knew it. Presumably everybody in Washington knew it. Yet it had to be discovered again by Senator Fulbright.

All Else Is Incidental

IF UNIVERSAL military training is written into a law dealing with immediate military manpower problems, the disappearance of those problems could lead to the disappearance of universal training.

This has been ignored in congressional debate. It has appeared that the argument over drafting 18-year-olds, for instance, was based on immediate circumstances of military manpower. The fact is there would have been no argument about the 18-year-olds, except for their connection with a long-term program of universal military training. The backers of this policy in Congress are using the present mobilization effort to establish something which otherwise could not get a hearing.

Universal training in the United States has sounded attractive only when the country was frightened. Then it was too late to start it; helter-skelter mobilization was the only recourse. In the wake of emergencies, on the other hand, it seemed early to start universal training. What is happening in Congress now is a systematic effort to bring about its adoption in connection with an emergency, for use when the emergency is over—if it ever is. That is the issue which is generating all the steam in the debate. No one on either side is pointing out that universal service adopted in connection with manpower problems in 1951 could be repealed just as easily in connection with manpower problems in 1952. It should be argued out on its own merits.

Largest In History

STOCKHOLDERS in General Motors Corp. made good money last year. So did the corporation's numerous employees. Also everybody else whose income is derived in part or in whole from the world's largest manufacturing enterprise, including government.

G.M.'s profit of \$834,044,039 on sales of \$7,531,086,846—a profit percentage of 11.1 per cent—was an all-time national record for sheer size, though it was far from a record percentage-wise. But the profit figure must be kept in perspective.

It enabled the federal government alone to collect more than a billion dollars in tax payments. It gave the people who work for the corporation plenty of work at high wage rates—nearly two billion dollars in payroll payments—and the prospect of more work to come. Automobile manufacturing units in the corporation produced 45 per cent of all the cars made last year. General Motors is not merely big business, it is colossal business.

Not too many years ago no one would have dreamed it was possible for one organization to grow so large without getting rid of its competitors. But anyone who claims General Motors is stifling competition needs only to look out the window to see that its competitors are doing all right, too.

Before the pinkos and the chronic belly-achers begin to pop off about that \$834,044,039, it's a good feeling to know that the people who invested in and work for General Motors made a good thing out of the free enterprise system in 1950.

Russian Expendables

RUSSIA'S PEASANTS, it is reported, are again on the receiving end of central planning. Millions of them are being shifted to suit the master-minds of the Kremlin.

The last previous effort of the dictatorship to rearrange the agricultural population reached a climax of horror in 1933 when millions of farmers were starved to death. Their individualism annoyed the central planners, who were determined to make the production of food in the Soviet Union a kind of industrial operation. Peasants are to become an agricultural proletariat, huddled in towns and moved from place to place like slave armies, owning nothing, having no personal responsibility, living and dying like domestic animals.

Behind The News

By George Sokolsky

Something Rotten In The State Of Missouri?

THE KEFAUVER committee reports: "It was no secret in the state of Missouri . . . that the state government and its administration had narrowly escaped falling under the control of gangsters with criminal affiliations in the election of 1948."

This does not make pleasant reading about any state or city, but this is what that same report says about St. Louis:

"In St. Louis, Morris Shenker appeared to have a substantial portion of the legal trade involving bookmakers who had fallen into the clutches of the law. It is noteworthy that Shenker appeared before the committee as counsel for William Molasky, one of the owners of Pioneer News Service, the racing wire news distributor in that city. He also appeared as counsel for Joe Uvanni, race track 'comeback money' agent for John Mooney of St. Louis. According to testimony before the committee, Molasky contributed \$2,000 to the gubernatorial campaign fund of Forrest Smith on condition that Smith would name Shenker to the police board (of control) of St. Louis if elected."

Again, the report states:

"There is considerable evidence in the minutes of the testimony concerning contributions to political campaigns by gamblers and gangsters. . . ."

IN THE new book by Jack Lait and Lee Mortimer, Washington Confidential, appears the following paragraph:

"At the first open hearing of the (Kefauver) committee, subpoenaed gamblers were represented by Morris Shenker, St. Louis lawyer, formerly on the Missouri Democratic committee. As a result of his good work in obtaining campaign donations, Shenker was named by Bill Boyle to the Democratic finance committee. He hastily resigned after the deal was exposed. . . ."

So we come to the curious election which is to take place in St. Louis next Friday. Congressman John Sullivan, Democrat, representing the 11th District, having died March 9 was set for a special election.

His widow, who had been the congressman's secretary, expected to be the candidate. She was rejected by the aforesaid Morris Shenker, who controls what is roughly called the democracy. Mr. Shenker thereupon nominated Harry Schendel, sales manager of an automobile agency, as his candidate. The Republicans nominated Claude I. Bakewell, a former congressman.

The real issue in this contest is the power and authority of Mr. Shenker, the mouthpiece. He is said to be unusually able. His own view is that he can separate his law practice from his political activities, which would be an interesting feat, if accomplishable. In a telegram to Senator Wiley of Wisconsin, he wrote:

"I have never permitted my political activities to interfere with my practice of law, nor have I attempted to associate the two. I have never solicited or accepted a political contribution from any of my clients."

MR. SHENKER is the lawyer who raised the question of the use of television in public hearings. One of the most valid purposes of congressional hearings is that they give the people an opportunity to know of corruptions, distortions and treasonable conduct of individuals. The newspapers, radio and now television bring these hearings close to the people. In the case of James J. Carroll, who calls himself a betting commissioner, Mr. Shenker said:

"Forcing a man to give testimony before television is an invasion of his privacy. A person cannot be put in such a position that he is exposed to public ridicule. While the hearing was public, it was not contemplated that the person of the witness should be televised for everyone to see within a 75-mile radius of St. Louis."

The Kefauver report on St. Louis makes very ugly reading, particularly the tie-up between gambling, crime and politics. And it is obvious that even in this special election for a member of Congress the power of the gamblers and the criminal elements is an important consideration.

What goes on in St. Louis, it is true, goes on in many American cities where the Mafia has gained an unbelievable power due to the apathy of Americans who have permitted these specialists to take over the political machinery.

The real trouble is that our people are not ashamed of the degeneration of public morals. In other periods of our history, such exposures as those of the Kefauver and Fulbright committees aroused public opinion to action. Today, we witness an appalling apathy. The word Missouri has become in Washington a synonym for corruption.

It is for this reason that this special election is of national importance. Will Missouri use it to protest against the libel on that state?

No Time To Be Finicky

By Dewitt Mackenzie

THE TEXT for today is: "If we are forced to war, let's not be too finicky about the methods we use in defense, so long as we stay within the laws of civilized warfare" (whatever that is).

Lieutenant General Matthew B. Ridgway, commander of the U. S. Eighth Army in Korea, remarked the other day while touring the battle zone:

"We have only one objective—kill Chinese and save ourselves."

That sounds tough—and it is tough. But it's the essence of every commander's task. Probably General Ridgway would be glad to be able to substitute the expression "put out of action" for "kill". But the fact remains that war involves killing, and it's either you or the other fellow.

A lot of folk are shocked at that, even though they may approve of such assignments as the Korean mission.

That brings us up to the killingest weapon man has invented—the atomic bomb. Many are the pros and cons used in argument over the extent to which this destructive instrument should be used. Is the wiping out of whole cities with their populations justifiable in defensive war?

One of the finest military analysts I've seen on this subject comes, not from a soldier but from a scientist—Dr. Van-

nevar Bush, president of the Carnegie Institute of Washington. He was director of the Office of Scientific Research and Development during the war. This office organized the labors that produced the atomic bomb.

His thesis is that another world war could be prevented through maintenance of strong ground defenses by the western world, coupled with the development of the atomic bomb. Said he:

"If Russia sent its armies rolling across the German plains tomorrow, we, with our A-bombs and the planes to carry them, would destroy Russia. We could do it without question, as matters stand today."

The answer to this is that the armies would not roll.

However, Dr. Bush pointed out that we can't depend indefinitely on strategic bombing as a sole means of preventing Russian aggression. We must have strong ground forces in Europe to hold back an attacking army, while we strike in other ways.

There we have, it seems to me, the perfect example of legitimate use of the atomic bomb. Obviously if our atomic power should be challenged by an aggressor, it might mean death and destruction for the enemy.

But let's not be over finicky about that.

A Question Of Impropriety

By Raymond Moley

THERE WAS nothing "illegal" about the fact that Senator Murray, Montana Democrat, urged that a loan by the Reconstruction Finance Corp. be approved for a hotel company which his son served as a lawyer and received a \$21,000 fee.

The question will be raised, however, as to whether there was an "impropriety" on the part of the senator. The answer will depend on how much of an inference of impropriety there is in the action of the members of the R.F.C.—whether they were really influenced by the congressional approach.

This goes to the heart of various forms of lobbying in the national capital. It isn't the lobbying that's improper. It's the receptiveness of an official to unwarranted influence of any kind which raises the real issue.

By and large, officials are honest. Those with discretionary powers given them under the laws of Congress are always under pressure to make this or that decision favorable to an applicant.

What Senator Murray did in going to the R.F.C. was what some other members of Congress have been doing. What his son did was the same thing as any lawyer or paid lobbyist does—his object is to get favorable action.

Like any lawyer in Washington, he is paid to persuade.

On Capitol Hill every day members of Congress, besieged by their constituents, write letters to the executive departments and agencies and make a case for favorable action or negative action.

The vice of the whole system is not that efforts are made to get congressional support for or opposition to action to be taken by executive agencies, but how that congressional influence is exerted.

Is This What It Means?

Inflationary Pressure Must Ease

By Walter Lippmann

WHAT HAS MADE the labor leaders so furiously angry is the realization that prices are not being frozen but that they—Mr. Green, Mr. Murray, Mr. Reuther and the others—are going to be held personally responsible for freezing the wages of union workers.

This is the heart of their grievance—that they have been caught in a kind of squeeze. They will be expected for patriotic reasons to enforce the wage ceilings on their own followers while no one will be able to enforce the price ceilings.

They see themselves assigned the job of stabilizing union labor—and being pilloried before the public if they do not prevent strikes and wage increases—while nobody is in fact stabilizing the cost of living in the 200,000 stores where wage-earners and others go shopping.

"At a time when fixed formulas are being applied to wages," says the statement of the United Labor Policy Committee, "business is being allowed to write its own ceiling prices. Wages are frozen. Nothing else in the economy has been frozen." Speaking very broadly, and forgetting John Snyder's frozen interest rates, what the statement says is, if not literally accurate, substantially true. But why is it true?

IT MUST BE obvious to them, as it is to anyone who looks at the situation, that the wages and prices which do actually get frozen are those which are already organized and under the firm control of someone who can be named, can be called to account, if necessary can be arrested, fined and jailed.

No one is able to freeze all wages. No one is able to freeze wages of unorganized workers.

The quarrel between the labor leaders and the Truman administration has broken out over the attempt to avoid the consequences of inflation, and the political

It would then be tantamount to a confirmation by these labor leaders, who are deeply anti-Communist, of the Communist charge that rearmament is being done for the sake of the profits of big business.

The labor leaders know perfectly well that there is nothing in that charge. They know too that Mr. Wilson and Mr. Johnston would be the happiest men in Washington, instead of being doomed to recline on a bed of nails, if someone, anyone, would show them how to freeze prices and keep them frozen.

The idea that those two gentlemen want to freeze wages and that they do not want to freeze anything else might seem plausible to the editor of the Daily Worker, but it cannot be what Messrs. Green, Murray, Reuther, Carey and the others really believe.

THE LABOR leaders and the administration would do better to ask themselves whether there is any chance of stabilizing wages and prices by the decrees, the orders, the directives which they are quarreling about—unless the inflationary pressure is effectively reduced.

The explosion of the labor leaders is the product of that inflationary pressure. They have vented their wrath on Mr. Wilson—have made him the scapegoat—as if he were eccentric enough to wish to fail to stabilize prices.

But the only important thing that can be held against Mr. Wilson is that, like the labor leaders, he seemed to accept the notion that prices could be frozen by decree, without taking any serious measures to stop the inflation.

It would have been wiser if the stabilizers, Mr. Wilson and Mr. Johnston and Mr. DiSalle, had told the President that they could only fail and land him and themselves in endless trouble, unless first, or at least simultaneously, he did something effective to stabilize the monetary demand and reduce the inflationary pressure.

The Fear Of Progress

By Truman Twill

THE TEXT of today's sermon is unsliced bread and the issue it keeps alive in the battle between the sexes.

Women continue to buy loaves of unsliced bread from time to time because it is available and because they know all men won-

der bitterly why there should be this resistance to progress.

The resistance, of course, springs from an instinct built into women—an instinct to cling to that which is outmoded and, wherever possible, to embrace it in a grip of death.

If left to their own devices, women would still be doing laundry by hand and tidying up the premises with a bundle of twigs. The inventiveness of men can be thanked for giving them power-driven household appliances and leisure time which they never wanted in the first place and consequently do not know what to do with, so they take up knitting and would spin their own yarn if they dared.

Take, for example, the ordeal of housecleaning, which soon will be inflicted on millions of long-suffering men. Women cherish this practice of the dark ages for no better season than the fact their great-grandmothers always turned the living quarters upside down in springtime. There is no more justification for it than there is for buying unsliced bread and hacking it to pieces a slab at a time with a knife.

What it amounts to is that females are unsure of themselves in the modern world. They mistrust progress for fear it will bring about changes that will impinge in the security they have created for themselves by being indispensable around the house.

Once Over

By H. I. Phillips

What! No Fix!!

THE FIRST ADS have appeared for the circus opening at Madison Square Garden April 4. They are the forerunner of spring and the circus season over most of the country. But circus time in the Garden this season appeals to us as a cleansing thing, ridding the air of all talk of the "fix", the "dumped" contest and the sure-thing gambler. We talked with "Low-life" Looie, a dean of nefarious operators, today and he admitted he had never been able to "fix" a triple somersault by the man on the flying trapeze, "grease" a tightwire daredevil or get a trained seal to throw the nightly rendition of Where The River Shannon Flows.

"There's a rumor those acts where the lion tamer puts his head in the lion's mouth are not on the level," we said.

"That's crazy stuff," said Looie. "Years ago I tried to reach a lion and bribe it to cross up the act and close its mouth during the stunt, but we couldn't get together. I never tried to fool with a lion since."

"HOW ABOUT elephant fixing?" we asked.

"Nuthin' to it," said Looie. One season my pal, Menagerie Mike, a fast man with animals, tried to rig it up so an elephant in that stunt where it walks over a prostrate keeper without stepping on him would make it closer, but it was no dice. He must of wasted a ton of peanuts on that Jumbo, but when it got into the ring it forgot instructions. Don't let nobody tell ya that elephants never forget!"

"Have you ever tried fixing a circus brass band," we asked.

"Lots of times in the old days, but I never got far. The idea was that if we could get the band to change the tempo in the middle of the act the waltzing horse would be thrown off form and get nowhere. We would of made a killin' bettin' the animal would wind up doin' a two-step.

"Are those opening pageants on the up and up?"

"I ONLY know of one case where we tried to monkey with one," said Looie. "Naturally everybody would expect the Prince to be on the float with Cinderella. Our idea was to cross things up so Humpty Dumpty would be there instead. As a saver we wanted to bribe Puss in Boots to show up on the Little Red Riding Hood float instead of the wolf. Nobody would listen."

"Wasn't there something called the 1932 sideshow scandal?" we asked.

"It was a phony," said Looie. "The story got around that I had bribed the Fat Lady to fix it with the Living Skeleton to sneak into the tent after hours and twist things up so the snake charmer, instead of the snake, would get the slow pill. The bums crossed us up and we lost our shorts, playin' the snakes to win!"

YE GOTHAM BUGLE & BANNER

Shudda Haddim has left Hialeah where, due to personal shelter and food shortages, he had been living, disguised in pink underwear, with the flamingo flock. He is now at Gulfstream. They have a few flamingoes there, but the flock is small and harder to get into. He is still squawking because he didn't have Yildiz in the Flamingo. "I miss it because Yildiz don't sound like no horse. It sounds like either a violinist or a Brooklyn relief pitcher. Later I hear Yildiz is a Turkish word for star, but I don't meet a Turk until after the race."

One Man's Opinion

THE STRATEGY of battle becomes apparent as uniforms by Hattie Carnegie are distributed to the WAC. We're not going to fight the Reds, we're going to dazzle them!

I don't know who is designing the male uniforms for this stylish encounter, but one new soldier claims the label in his waistband is Hart, Schaffner and Truman.

Ohio Legion's Vice-Commander To Be At Lisbon

W. O. McCLELLAN of Elyria, second vice-commander of the Ohio American Legion, will address Columbiana county Legionnaires and guests next Thursday night at the Legion's birthday banquet in the Lisbon Methodist Church basement.

A Navy veteran of World War I, Mr. McClellan is business manager of the Elyria schools and is active in church work, Rotary and Boy Scout. He is a former college and high school football and basketball official.

Tickets for the party are on sale at all posts in the county.

Following a turkey dinner and program at the church, a dance will be held at Lisbon Post 275. Dinner music will be furnished by John DeSarro, Wellsville accordionist, and the Esquire Quartet of East Liverpool will sing. Chuck Wurster's orchestra will play for dancing.

3 Runaway Youths Picked Up In Chester

Three Coraopolis runaways were picked up in Chester Wednesday night by Patrolman Harold Davis after receiving an alert over the community's new radio cruiser.

The three, Robert Penberthy, 21, Rosemary Balmas, 16 and Margaret Doyle, 17, were returned to Coraopolis last night by the Pennsylvania city's police chief, John Bush.

They were found driving on Carolina Ave at 8:20, just 20 minutes after Patrolman Davis received the radio message from the up-river police.

Senators Eye Compromise In Troop Fight

Two Groups Back Use Of More Men By Close 13-11 Vote

WASHINGTON, March 8 (AP)—Leading Democrat and Republican senators tried today to ease the tension arising in two key committees over the troops-for-Europe issue.

Both sides fear the narrow margin by which the foreign relations and armed services committees yesterday approved the principle of sending ground forces abroad might result in irreparable harm to the job of building up western Europe's defense forces.

A major point now at issue is: Who will determine how many troops this country is to contribute?

Whether a compromise satisfactory to most of the 26 members could be worked out still was an open question as the committees, meeting jointly under the chairmanship of Senator Connally (D) of Texas, went into a new huddle today. There were many divergent views.

Mr. Connally said he hopes the committee will complete its work today, but he doubts it.

The approval in principle of the decision to send U.S. ground troops to Europe under the North Atlantic treaty carried 13 to 11 yesterday after two earlier votes ended in ties.

The administration has announced plans to send four more divisions, bringing to six the number of U.S. units available there for the North Atlantic defense command of General Dwight D. Eisenhower.

There is a strong sentiment on the part of the Republicans that Congress must have a voice in any future decisions. At least two Democratic committee members indicated they share this feeling.

They argue that a resolution approved by both houses is necessary to stake out this executive-congressional collaboration and that a resolution requiring Senate approval only is not satisfactory.

Yesterday's 13-to-11 vote came on a motion to proceed with the resolution proposed by Mr. Connally and Chairman Russell (D) of Georgia of the armed services group to give advance backing to the troops-for-Europe plan. It requires Senate action only.

'Kentucky Babe' Stages Sitdown Strike At Jail

What does a policeman do when a woman prisoner goes on a sit-down strike in her cell and refuses to climb three flights of steps for a Municipal Court hearing?

Faced with that situation today, East Liverpool police thought about it awhile and came up with the logical answer: Let her sit.

Fifteen minutes later, the sit-down was over and the woman was clamoring to go to court. "Too late," the victorious police told her, "court is adjourned."

It was the first time the officers have won a round with the Amazon, Mary Patrick of Floyd, Ky. She's in this time on an intoxication charge, which doesn't tell the story at all.

Found lying on the Broadway sidewalk, she kicked Patrolman Kenneth Davis in the face as he and Patrolman Donald Goodballet were carrying her into the station from a cruiser, police said.

She went to jail for 30 days in her last brush with the law about six weeks ago after she pulled a knife in a tavern, booted Captain Chester C. Smith and broke his wristwatch.

Police said she apparently had a fight with a man before she wound up on the sidewalk last night about 7.

Russia To Spend 21% Of Record Budget For Arms

MOSCOW, March 8 (AP)—The Soviet Union's biggest budget in history, presented to parliament last night, calls for 21.3 per cent of the government's expected income in 1951 to be spent on arms.

Last year's defense outlay was 18.5 per cent of the total budget.

Finance Minister Arseny G. Zverev budgeted defense items at 96,876,000,000 rubles. Russia values her ruble at 25 cents. At that rate, the defense expenditure is being stepped up to \$24,094,000,000, or \$4,244,000,000 more than last year.

(President Truman has asked the U. S. Congress to approve a budget of \$71,594,000,000, of which \$41,421,000,000 is for defense and \$7,461,000,000 is earmarked for arms aid to friendly nations).

Premier Stalin and other top politburo members attended the Supreme Soviet (parliament) session at which the budget was presented.

Audra J. Oliver Becomes Bride Of Paul E. Baughman

PALMS, FERNS and gladioli formed the improvised altar for the wedding of Miss Audra Jean Oliver to Paul E. Baughman in the living room of the home of her parents Mr. and Mrs. Charles W. Oliver Sr., of Wood St., Wellsville Saturday afternoon. Rev. George L. Waldon, pastor of the Christian Church, officiated for the double-ring rites. The immediate families, relatives and friends witnessed the nuptials.

Mrs. Waldon was soloist and Ralph Falconer gave a 15-minute recital of traditional music.

The bridegroom is the son of Mr. and Mrs. Clarence Baughman of Cleveland.

Given in marriage by her father, the bride wore a street-length dress of sheer marquisette in medium blue over white taffeta. Her bonnet was of orange blossoms and she carried a white Bible topped with a white orchid and white satin streamers and orange blossoms.

Mrs. Robert Miller, aunt of the bridegroom, was matron of honor and was attired in Navy blue sheer marquisette over matching taffeta. She wore a pink bonnet

and carried a bouquet of pink rosebuds and pink carnations.

Robert Miller served as best man for his nephew.

The bride's mother chose Navy blue crepe with matching accessories and her corsage was of

pink gladioli, and Mrs. Baughman was dressed in Navy with a similar corsage.

Lighted tapers and rubrum lilies formed the setting for the three-tiered cake. Aides were Mrs. Ruth Thompson and Mrs. Anna McLaughlin.

The bride is a graduate of Wellsville High School and attended Ohio Valley Business College. She is an operator in the local exchange of Ohio Bell Telephone Co.

Her husband also is a graduate of Wellsville High School and has

been employed with the General Motors Corp. in Cleveland. He will leave shortly for service.

Upon their return from a wedding trip to Washington, they will reside temporarily with the bride's parents.

Tries To Beat Saturday Deadline

West Virginia Legislature Speeds Work On Budget

CHARLESTON, W. Va., March 8 (AP)—The House of Delegates started its budget bill toward passage today in a desperate effort to beat the Saturday midnight deadline.

The delegates planned to take up the recommendations of their finance committee at a session this afternoon. The committee completed its work on the bulky measure this morning.

The Senate finance committee, meantime, hoped also to bring out its budget bill today, but there is no definite indication when it will come up for consideration on the floor.

Governor Patterson, noting as a matter of routine that the budget bill had not been passed by midnight last night, formally ordered an extended session. That action is required by the constitution if the bill is not passed three days before the Saturday midnight deadline for the session.

The governor ordered the session extended through March 15, if necessary. He expressed himself as confident, however, that the legislature will have the budget bill duly passed and will be ready for adjournment March 10.

At the same time, he disclosed that he had written the chairmen of the Senate and House finance committees suggesting the need for additional relief funds.

Mr. Patterson said the Department of Public Assistance, faced with growing relief rolls, would need another \$250,000 for the remainder of this year to avoid cutting grants for general relief. Higher appropriations would be needed for the next two years ago, the governor added.

The budget bill, as introduced by the Board of Public Works, had recommended \$1,460,000 additional funds for classified aid during the remainder of the year, but had set up nothing extra for general relief.

The Senate, meantime, moved into the controversial matter of a site for the proposed four-year medical school. Up for possible amendment is a bill to permit Mr. Patterson to select the site, for which Morgantown and Charleston proponents are fighting.

The House passed the bill, 51-41, without change yesterday over objections of Delegate Ambler (D) of Monongalia County that the matter "has been made a political football". He charged the delegates with "shirking our duty" in not specifying the site themselves.

Strong Senate opposition to the measure is in prospect, with the likelihood that the bill may be amended either to specify a site in Morgantown or to leave the selection to the West Virginia University Board of Governors which has favored Morgantown. Mr. Patterson has never publicly expressed an opinion as to the better site. Supporters of the plan to have him make the selection have insisted he would be unbiased.

The Senate sent to the House a bill to raise teachers' salaries a

Virginia Education Association and provided in the house bill. A 288-page bill to revise the state's motor vehicle laws also was passed by the Senate yesterday and sent back to the House for approval of Senate changes. Most controversial was a raise from 18,000 to a possible 18,900 pounds in the maximum axle load for trucks. The House had insisted on the 18,000 figure.

The Senate also voted to increase truck speeds from 35 to 45 miles an hour and made a number of other changes which are subject to House approval or revision by a conference committee.

Among bills sent to the governor yesterday was one making the killing of spike bucks legal during hunting seasons prescribed

HAVE LOST 26 1/2 LBS. BACK TO NORMAL WEIGHT

Mrs. L. Wingfield, Box 901, Oberlin Rd., Elvira, Ohio writes: "I have used several bottles of Renel Concentrate, also have purchased some for a friend, and we find it the most wonderful preparation on the market for losing weight. I have lost 26 1/2 lbs., and I am new back to my normal weight. Renel is like a tonic, and so pleasant to take, I feel so much better since losing this weight. I have taken other preparations for losing weight without results. Renel is just the preparation to use for overweight and that unnatural heaviness. It's a wonderful product."

"Ever get in a spot where you needed extra cash fast? I guess we all do at one time or another. Well, I needed \$300 to clean up some old bills. I was plenty worried—until a friend of mine recommended Household Finance. So I phoned HFC. I got a pleasant surprise. I found I could borrow three ways—on my signature, car or furniture. And I could get as little as \$20 or as much as \$1000 and repay it in monthly instalments. Best of all, I didn't need endorsers or guarantors. "And talk about service! Take my word for it, HFC is really a friendly, helpful place to do business. And HFC specializes in fast service. I got money I needed right then, without the slightest embarrassment. Deputies Hold Their Fourth Discussion

PARIS, March 8 (AP)—Deputies of the "Big Four" foreign ministers renewed their discussion today on how to negotiate an independence treaty for Austria as a step toward easing East-West tension.

The deputies met for the fourth time in their current series of talks designed to draw up a list of points for their ministers to discuss at proposed "Big Four" meeting. Unless they agree on a list and how to phrase it, the ministers won't get together at all.

Britain, France and the United States are eager to get the Austrian treaty over and done with. So is Austrian Foreign Minister Karl Gruber, who is here to watch from the sidelines.

But this time the Russians left it off their proposed list of topics.

City Court Revenue Slumps In February

Municipal Court income slumped to \$1,115 in February, the lowest in many months, it was shown today in the monthly report of Clerk Harold L. Powell.

Last month's income was down \$435 from the January's \$1,550. The city will receive \$751, compared with the \$1,340 paid in January.

The amount paid the city was made up of \$359.10 in costs from civil cases and \$392.70 in fines, costs and forfeitures in criminal actions, the report showed.

In addition, the court paid \$100 out of criminal receipts to the Law Library Association and turned over \$239 to the county and \$25 to the state.

40 Teachers Attend Kent Extension Class

LISBON, March 8 (Special)—The first extension class in a reading course offered by Kent State University was held Wednesday night at the High School with Paul Smith of Youngstown as instructor.

About 40 teachers, including 25 from the county rural system, are enrolled. They voted to meet each Wednesday night through May. The class will convene at 5 p. m., dismiss for supper at 6.30, and continue from 7 to 9.

LISBON, March 8 — Twenty-four teachers of the first, second and third grades of the eastern half of the county attended a reading workshop Wednesday night at the Clarkson School. Miss Phylla Humphreys of the State Department of Education was the consultant. Lorin Ruff, assistant county superintendent, presided.

Irondale-Wellsville Bus Line To Suspend

The Yellow Creek Transit Co., operating between Irondale and Wellsville, will suspend services indefinitely at midnight Saturday, Lasandro Fortune, proprietor, announced today.

He said his insurance expires then and is not renewable because of the weakened condition of the Cream City bridge on the Irondale Road which his busses use.

Resumption of service will follow repairs to the bridge, if insurance can be obtained, Mr. Fortune said.

He said Jefferson county commissioners have contracted for repairs to the span over Yellow Creek, but no date has been set for the work.

He said the final bus will leave

Patrol Group Sets Training Of New Class

25 County Auxiliary Members Sign Ohio Civil Defense Oath

A 40-hour course for a class of 35 new members of the Columbiana County Highway Patrol Auxiliary will be launched Wednesday night in the American Legion Home at Lisbon.

The class will meet one night a week and the first will be on fingerprinting and collection of informative material.

Corporal Edward Mallory of the Salem Highway Patrol Station will be in charge.

Membership applications were approved at the auxiliary meeting last night in Salem. Eight are from East Liverpool and the others from Lisbon, Salem, East Palestine, Wellsville, Leetonia, Columbiana and Hanoverton. Most are veterans of World War II and all are members of the American Legion, which is a requirement.

The 25 members at the meeting signed the loyalty oath required by the Ohio Civilian Defense Council of men and women enrolled for volunteer war service.

Members listed on cards their qualifications and trades for emergency duties in case of a bomb attack or other emergency. One will be retained at the Salem station and the other will be filed at the Massillon District Highway Patrol Station.

The auxiliary will continue to study its defense role at a meeting April 4, either in Wellsville or Lisbon. Corporal Mallory will use material compiled by state and national defense authorities.

A warning was given that a bombing is most likely to occur any time after April when flying conditions are favorable.

About 10 members are expected to attend the annual auxiliary convention April 7-8 in Columbus.

Iranian Unrest Blamed On Oil

Nationalists Shout For British To Leave

TEHERAN, Iran, March 8 (AP) — The assassination of Premier General Ali Razmara spurred new Nationalist demands today that Iran drive the giant British-controlled Anglo-Iranian Oil Co. out of the country.

Moderate deputies in the majlis (parliament) predicted that oil nationalization proposals have a much greater chance for parliamentary approval under the threat of further terrorist acts.

Meanwhile, the body of Premier Razmara, who was slain yesterday by a member of a fanatic Moslem sect, lay in state in Sepah Salar mosque. Funeral services were to be held later today.

office with open American support, the premier had opposed taking over the oil company. The slaying was the climax of weeks of political agitation in which Iranian Nationalists showed growing resentment against the premier because of his stand on the oil question.

The accused assassin, 26-year-old Abrulla Rastegar, was reported shouting from his prison cell

today: "Long live Islam! Death to the oil company!"

Some deputies privately expressed fears that other assassinations may result from the fervor stirred up by the oil nationalization demands.

(In Boston, the assassination has been blamed by the slain man's brother as "the work of Communists".

(Reza Razmara, 35, associated with the engineering firm of

Jackson and Moorland here, said: "I expected it. My brother was known to be strongly opposed to communism before he came to power.")

Radio In Review

By JOHN CROSBY

The Wonder Of Electronics

CONCEIVABLY THE greatest contribution radio ever made to society was the sponsored marriage. In the old days, it was the relatives and friends who kicked in the pots, the bedroom lamp and the kitchen clock. Then the sponsor came along and provided all that and more. Sponsored matrimony, as practiced on Bride and Groom and other radio programs, was actually a more sensible deal all around since the gifts were generally all-electric (AC or DC), lifetime-guaranteed, earthquake-resistant and stainless. Aunt Emma never kicked in with stuff like that.

No one has ever proved that a sponsored marriage lasts any longer than the old-fashioned, or sustaining-type marriage, but the gifts last forever.

Sponsored matrimony, you'll be happy to learn, has been taken over and elaborated on in television, too. Recently on the TV version of Bride and Groom, Samuel Jamieson of Granger, Ind., and Myrtle Thomey, of Laredo, Tex., were married after a courtship conducted over 1,500 miles by short-wave radio.

After the ceremony, Mrs. Jamieson happily summed up the new order of things with the statement: "We owe a great deal to amateur radio and good operating conditions."

hard while the chimp's trainer pulled the beast away. Miss Francis, a trouper, bounced right up again and went straight into a plug for Bulova watches, a shining example of that old show business adage—the commercial must go on.

In East Orange, N. J., a 4-month-old Siamese cat was dozing by the TV set when her owner, Mrs. Norman Wolfson, snapped the set on and brought a pack of prize terriers from the Westminster Kennel Club show right into the living room. It was an invasion of privacy no Siamese will put up with, though humans will. The cat leaped at the set, clawed at the dial, sent the terriers right back to Madison Square Garden.

ONE LAST NOTE, this one from the old Southland: Tom Fesperman reports in the Charlotte (N. C.) News that a 66-year-old citizen named Chuck Barton had his parents mightily worried when he started talking like a Yankee from Perth Amboy. It developed he'd picked up the dreadful accent straight off the coaxial cable.

It's quite a problem all right, but we're working on it. My spies tell me R.C.A. is developing a new-type coaxial cable which will convert Arthur Godfrey's accent into pure undistilled Dixie the second it passes the Mason-Dixon line. Howdy Doozy will sound as if he were raised on hominy grits and corn liquor. As for Milton Berle, this new cable will not only make him sound like Al Jolson but also look like Larry Parks.

Musicians Authorize Walkout In Pay Fight

NEW YORK, March 8 (AP)—The executive board of the powerful New York City Local 802 of the A. F. L. American Federation of Musicians has been authorized to call a strike if necessary against all major radio and television networks.

With bargaining sessions suspended last week, a voice vote last night by 1,500 members of Local 802 approved the following resolution:

"We move to strike against all Class A radio and television stations. We instruct the executive board to take the necessary steps to insure success of the above action, with the understanding that it is with the approval of the federation."

The result may be acted upon today after consideration by union head James C. Petrillo and the executive board.

The walkout is threatened against the American Broadcasting Co., the Columbia Broadcasting System, the National Broadcasting Co., the Dumont television network and New York station WOR—the main outlet station for the Mutual Broadcasting System.

However, if strike action is approved by Mr. Petrillo and the board, the union must abide by a 30-day cooling-off period as required by the National Labor Re-

Rent Board Meeting To Be Open To Public

Samuel McCormick of Steubenville, chairman, said the Ohio Rent Advisory Board's meeting Monday night in the City Hall will be open to the public. The session is being held here for the convenience of Columbiana county landlords and tenants, who will have the opportunity of appealing decisions by the District Rent Office. The board usually meets in Steubenville.

Mr. McCormick invited county landlords and tenants to attend if they have any problem to discuss concerning rent control or decontrol. The entire nine-member board is expected to attend, along with W. H. Blackford, rent director; James E. Willey, rent examiner, and Angela Saad, board secretary, from the district office at Wheeling.

The meeting will be at 7:30 in the Council Chambers.

When eggs are not on the breakfast menu, use them to make a quick and delicious lunch. Serve them scrambled or in an omelet with tomato sauce and add whole-wheat toast, a green salad and a glass of milk to the menu. Dessert might be fresh fruit and cookies.

Overloading Costs \$73

SALINEVILLE, March 8 — A steel truck driver, Andrew Havrilesko, 28, of Gary, Ind., was fined \$73 and costs Wednesday afternoon by Mayor Karl Lindner after pleading guilty to overloading. He was cited at 2 p. m. on Route 164 near here by the State Highway Patrol and charged with a 4,850-pound overload.

More Anti-Sub Planes Are Ordered By Navy

WASHINGTON, March 8 (AP)—The Navy has placed a new order—the fourth—with the Glenn L. Martin Co. of Baltimore for production of Martin anti-submarine seaplanes.

The Navy said the plane, designated the P5M-1, is electronically "one of the most completely equipped airplanes ever built" and that it is capable of spotting submarines "under nearly all conditions during over-water flight."

The plane is powered by two Wright engines and carries a crew of seven.

Board Moves To Help Plants Balk Sabotage

Detailed Plans Due By June On How To Guard Against Spies

WASHINGTON, March 8 (AP)—A government security group expects to have ready by June a detailed account of what each of the nation's several thousand war goods plants is doing or should do to guard against saboteurs and spies.

The project was started by the Munitions Board last fall after defense and other government officials had done a lot of private and public worrying over protection, or lack of it, for plants which have important or secret military contracts.

It has taken time. But, officials who are directing the program contend, it is a big and complex job for a small staff. One of the major efforts of the board's plant security experts is to bring out of an existing variety of regulations by the various military services an over-all set of rules and to co-ordinate the work of several government agencies interested in this phase of internal security.

The Munitions Board has completed a listing of all so-called "sensitive plants," factories which are working on secret or other classified projects.

The Internal Security Act passed by Congress last September permits the Defense Department to publish the names of these plants but there seems little likelihood that will be done. Defense officials say such publication would provide saboteurs with a perfect directory of targets for their work.

Security experts say the danger of sabotage now may be greater than during World War II. The reason for this view is obvious. Russia, more than any nation in history, has developed the art of espionage and sabotage. Moreover the tools of sabotage have had the same technological development since the end of World War II as the formal weapons of war.

Plant owners have been advised what the spy and saboteur will seek. The board is putting together a set of general regulations to take the place of separate and slightly different regulations previously used by the Army, Navy and Air Force.

Weirton Steel Sets Up Security Regulations

WEIRTON, March 8 (UP)—Strict security regulations have been clamped on the Steubenville and Weirton mills of the Weirton Steel Co.

Thomas E. Millsop, Weirton Steel president, said the measures ordered yesterday, are in compliance with instructions from the Department of Defense.

The regulations, the firm said, were put into effect in view of the seriousness of the international situation and to insure protection against sabotage. "Restricted" signs will be placed on some 20 plant areas. Employees who work in them will be required to carry special passes.

Trucks entering the areas will be inspected and the number of visitors will be held at a minimum.

Peddlers Discouraged

Failure Seen More Costly Than Atom

Teacher Pay Bill Pushed At Ohio House Hearing

COLUMBUS, March 8 (AP)—The Education committee of the Ohio House of Representatives heard arguments last night on why the state should guarantee minimum salaries for public school teachers. The committee held its first hearing on a bill brought into the legislature through petitions circulated by the Ohio Education Association.

And the committee heard T. G. O'Keefe, OEA research director, declare that failure of the legislature to provide for training thousands of additional teachers will be "more costly to the state's future than an atomic attack."

The hearing on the OEA bill overflowed the committee room in which it originally was scheduled. It was moved to the House chamber and even there the "Standing Room Only" sign was out. Earlier in the day, Senator Roscoe R. Walcott (R) of Franklin County had named five senators to the joint Senate-House committee to investigate subversive activities in the state. He named Senators C. E. Powell (R) of Clark County, Leo Blackburn (R) of Scioto County, James Headley (R) of Hamilton County, Joseph Bartunek (D) of Cuyahoga County and Charles Carney (D) of Mahoning County.

House members are Representatives Samuel L. Devine (R) of Franklin County, Kenneth A. Robinson (R) of Marion County, Louis J. Schneider Jr. (R) of Hamilton County, Robert W. Reider (D) of Ottawa County and John V. Corrigan (D) of Cuyahoga County.

The committee organized today and Mr. Robinson is expected to be named chairman. It will make its report and recommendations by May 10 for new laws or changes in old ones to cope with any subversive threat it finds. The teachers' minimum salary measure calls upon the state to foot a 37-million-dollar bill each two years to guarantee the salary schedule it establishes. Examples: A teacher with less than two years of college training would get \$1,800 to start and a \$100-a-year increase for 10 years, to a top minimum of \$2,800.

A teacher with a bachelor's degree would start at \$2,400 and get a top minimum of \$4,000 after 16 years. A teacher with a master's degree would start at \$2,600 and get annual increases of \$120 to a top minimum of \$4,620.

Appearing in support of the bill brought to the legislature by petitions bearing 189,000 signatures, Mr. O'Keefe declared: "The people back home, in spite of their magnificent attempts to secure trained teachers by voting thousands of extra levies cannot do the job alone because it is simply too big."

Potters Nose Out Zanesville, 56-54, To Reach District Finals

Meet Ferry For Title, Region Berth Saturday

By BOB SHAFER, Review Sports Editor

A fighting East Liverpool quintet of basketballers fought off a late Zanesville rally Wednesday night to reach the finals of the Eastern Ohio District Class A Tournament.

Before a hysterical crowd of 1,009 paid customers, the valiant Potters squeaked out a 56-54 victory over the rangy Blue Devils on the Steubenville Big Red court, and will collide with Martins Ferry Saturday night on the same floor for the district championship and a coveted berth in the regional tournament.

Last night the Potters were moving in high gear with a 55-47 lead midway through the last quarter, but the Blue Devils, grasping for that final spark, surged to within two points of the Blue and White with 50 seconds left.

Bob McCoy was fouled, and the Potters elected to take the ball out of bounds to retain possession. They put on the "freeze" but Zanesville's Clay Bryant was fouled as he broke up Liverpool's backcourt stall, and dribbled in for an attempted layup that would have tied the score.

The big forward blew the first attempt, and then waived the second as the clock showed 18 seconds to go. But it was no dice Bryant and John Brammer blew chances under the hoop, and with three seconds left Brammer retrieved another rebound, but failed to connect. The Potters gained possession in a wild scramble under the hoop as time ran out.

Although the Hallmen led most of the way and were never behind after a free throw by Bill O'Farrell broke a 37-37 deadlock half way through the third quarter, they found the tall Blue Devils a tough hurdle to get over. The victory avenged the setback sustained at the hands of the Zanesville cagers in the opening game of the 1945 regional tournament.

Once more the Potters' well-balanced combination paid off. Bill Morgan, who had a bead on the floor in the first period when he pocketed four goals via set style, wound up as top Liverpool scorer with 14.

But he had a barrel of scoring assistance, and of them, from his mates, all of them. Captain Barry Berman swished 12 points, six in each half, with O'Farrell meshing 11, including five-for-five at the foul line, and Paul James pumped in 10 markers, three fielders in the first half and two in the second. McCoy dumped in six counters, and Gene Allton three besides combating the rangy Blue Devils for control of the boards.

The Potters suffered severe blows as Zanesville put on its late spurge. O'Farrell was banished on fouls with 3:33 left, and James followed with 2:13 remaining. Allton had left at 0:10 in the third.

The Blue Devils also were given a terrific jolt when their star and one of the finest players to show on the Steubenville court this season, Forward Jay Ansel, was ejected via the foul route with 1:29 to play in the third quarter and the Potters on top, 43-39.

Ansel, however, paced the scorers with 20 points on six goals and eight of 13 free throws. The black, who took up most of the slack when Ansel bowed out, finished with 13, and Center Ronnie Tomson, who combined with Ansel and Bryant to give Liverpool's Morgan, O'Farrell and Allton plenty of opposition for board control, dropped in 11 markers, seven in the first half. The tall Zanesville trio tallied most of their baskets from inside the foul circle, mostly by rebounding.

Brammer came off the bench to supply the spark that cut the Potters' lead at the end of the third quarter to 43-42. He collected five points.

Both teams threw up a zone defense, and it was the set shooting from outside the foul circle by Morgan in particular, and James, that pushed the Hallmen to their 17-13 first-quarter margin, after the first had been knotted at 2-2 and 3-3.

It was Morgan's fourth goal of the quarter that gave the Potters a 17-11 edge, but two free throws by Ansel slashed it to 17-13 at the buzzer.

Only 300 Tickets For Saturday's Tilt

Approximately 300 tickets for Saturday night's district championship game between East Liverpool and Martins Ferry at Steubenville will go on sale Friday at 5 p. m. at Memorial Auditorium, Faculty Manager Nate Lora, announced today.

The total is less than half the number that were available for the Zanesville game, when Zanesville turned over 418 tickets of its quota to Potters. Ferry has claimed its entire allotment, Mr. Lora pointed out.

Tickets will be limited to two per person, he added.

33-all with 5:50 left in the quarter.

Kenny Sayre's foul put Zanesville in front, 34-33, and the lead then changed hands twice before Ansel's free throw tied it for the last time, 37-37.

O'Farrell's foul tossed elevated the Potters to a 38-37 lead, and they never lost it again.

With only a slim 42-42 edge as the final quarter opened, Berman started the Potters rolling, with his eight-point lead with a push shot. Morgan followed with another and then Berman connected again to hold the margin to 48-42 with only a minute of the period gone.

Tomson's pair of free throws carved it to four points, but O'Farrell pushed one in from the side. Brammer converted, but James' final set shot made it 52-45, and Berman's free throw made it an eight-point lead, 53-45.

Bryant looped a rebound, but O'Farrell again hit with a push shot from the side to make the margin eight points again, 55-47, before Bryant touched off the spark that led the teams down to the hectic finish.

The Potters weren't as sharp on their shooting as they were against the Big Red in the sectional final, hitting only 21 times on 71 attempts for 29 per cent. The Blue Devils took fewer shots, only 54 but hit 19 for 35 per cent.

They fell down at the foul line, converting only 16 of 32 chances, whereas the Potters pumped in 12 of 18. Bryant could have made the difference for his team, but he converted only one of nine shots from the charity stripe.

It's Burgin Officially

Over Nazati Famechon

CINCINNATI, March 8 (AP)—The Cincinnati Boxing Commission made it official yesterday that Eddie Burgin was a second-round technical knockout winner over Ray Famechon of France here Tuesday night and now the slugging Cincinnati Negro would like a shot at even bigger game.

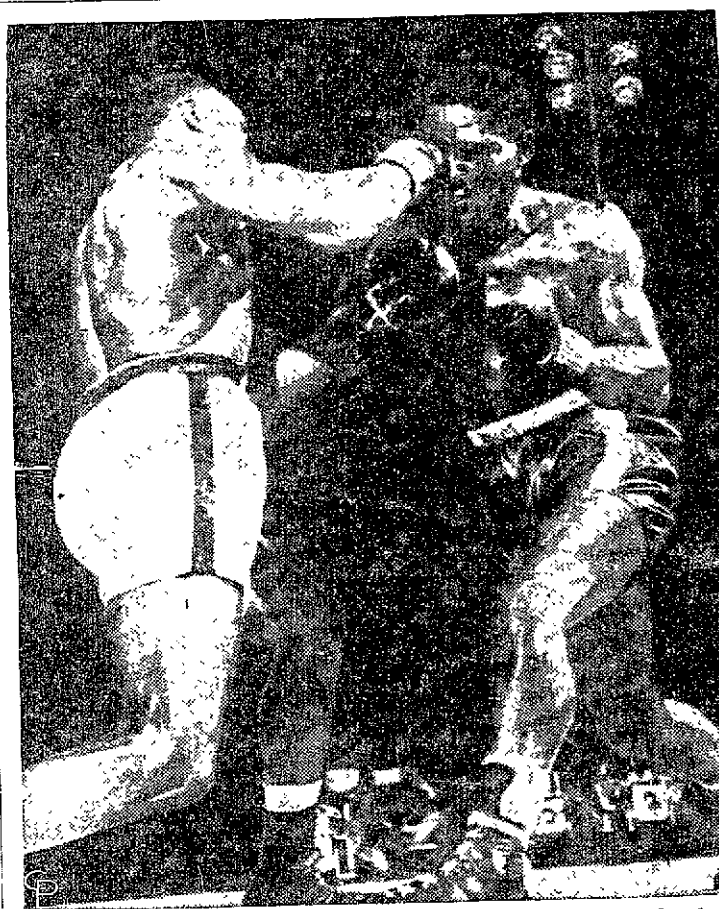

Famechon, the European featherweight champion and rated the No. 2-contender for the world crown, was knocked flat twice in the Tuesday night battle and then walked away.

The boxing commission reviewed the whole thing yesterday and declared that Famechon was "hurt and bewildered and unknowingly quit."

Famechon claimed he didn't understand what Referee Tony Wardorf was saying. Wardorf said he was asking Famechon if he was all right after the second knockdown. He said Famechon said, "No, no, no. Quit."

B-G Frosh Eligible

BOWLING GREEN, O., March 8—Bowling Green State University freshmen can take part in intercollegiate athletics beginning April 1, the school ruled yesterday. The university said a smaller enrollment of male students brought about the ruling. Freshmen were eligible during World War II.

JOE TRIES, BUT LOSES AGAIN. Jersey Joe Walcott landed a solid right on heavyweight champ Ezzard Charles' eye in the fourth round of their 15-round bout in Detroit last night. Charles, the winner, lost the opportunity for a knockout in the ninth round, when he floored Walcott for a nine count, then allowed the groggy, older battler to regain his senses.

Injured Ear Shelves Charles After Decision Over Walcott

By MURRAY ROSE

Associated Press Sports Writer

DETROIT, March 8—An injured left ear today sidelined Ezzard Charles for two months, dashing Joe Louis' hopes for a crack at the heavyweight champion this April.

The 29-year-old titleholder's ear was puffed up in his successful 15-round defense against 37-year-old Jersey Joe Walcott last night. His personal physician ordered Ezzard to stay out of action for at least two months.

Charles, who was almost toppled from his throne in the fourth round by a crashing right to the jaw, had the swelling drained down from the ear at a hospital early this morning.

Co-Manager Tom Tannas said: "The champ is O. K. but he'll have to give the ear a chance to heal before he does anything else."

However, Charles is willing to meet anybody the International Boxing Club offers. And that includes Louis, as soon as Ez is ready.

Louis, who received a thunderous ovation from the 13,852 fans (\$75,502 gross gate) at Olympia Stadium, left shortly after the unanimous decision was announced. He didn't receive the disappointing news until today.

It came as a great shock to the Brown Bomber. Louis has had four fights, has trimmed down to 207 pounds, and he feels he is ready right now. He doesn't want to waste any time. His 37th birthday will come up this May.

Walcott's 37 years didn't seem to hang heavy on him in several spots last night, notably in the fourth and 15th rounds when the 5-to-1 underdog had Charles in trouble.

In the fourth, a right to the chin staggered the champion and one more might have sent him to the floor for keeps. But Charles clung to Walcott for 60 long seconds and the challenger couldn't shake him off. By the end of the round, Charles had recovered and he danced to his corner.

Thus another championship pebble burst for Walcott. He came close to the crown in his first fight with Louis and he wasn't too far away in his first bout with Charles for the N.B.A. diadem in Chicago 20 months ago.

After the fourth round, Charles got cagy and in the ninth he rocked Walcott to the canvas for a nine-count with a powerful left hook to the head and a terrific right hook to the jaw. That was the only knockdown of the fight, although Charles came close again in the 14th. A right to the jaw sent Walcott back to the ropes, but the bell soon came to his rescue.

20,000 To Watch U.S., Argentina Cage Teams Battle

By MURRAY ROSE

Associated Press Sports Writer

BUEENOS AIRES, March 8 (AP)—On the competitive side, the first Pan American games will end tonight with a blazing basketball game between the United States and Argentina. This is the one championship the Argentine fans would rather win than all the others.

As far as the over-all domination of the games goes, Argentina has it sewed up with 1,071½ unofficial points to 724½ for the United States. But when the U.S. and Argentina take the court in jam-packed Luna Park, which seats at least 20,000.

The United States won two of three swimming championships last night. Ana Maria Schultz of Argentina won the women's 400-meter free style in 5:26.7, but the United States took both men's 800-meter relay and women's 300-meter relay.

As expected, Argentina won the water polo title and swept all eight boxing finals.

Tiber Nylas of the United States took the individual saber title in fencing.

Million Tops Scorers

ALLIANCE, March 8—The Ohio Conference statistical bureau reports Jud Million of Ohio Wesleyan is the top individual basketball scorer for the second straight year. He averaged 25.1 points a game in 21 games for a total of 529. Tom Connor of Muskingum, with 526 points in 23 games, a 22.8 average, took second place.

John Druze, Notre Dame end coach, captained and played end on the 1937 Fordham team. He was one of the famous "Seven Blocks of Granite."

Ridgeley's foe in classic at Fairview

With the coveted state championship "just around the corner," Newell High's capable cagers who have cut a wide swath in Class B ranks already, will strive for another step nearer the schoolboy crown Friday night when they battle Ridgeley in a semi-finals game of the Northern Area Tournament at Fairview, Marion County. Game time is at 8.

If successful tomorrow night, Coach John Robinson's Big Green, who last week captured their first regional championship, will tangle Saturday with tonight's winner pitting another pair of strong contenders—Fairview and Kingwood.

Meantime, Southern Area competition will be in progress, with Greenbank, the state's only unbeaten schoolboy quintet, meeting Oceana and Sissonville facing Chapmanville in a twin bill Friday night at Pineville. Greenbank has won 24 straight.

Survivors of the two Area classics will battle it out for the state Class B championship at Morgantown on the afternoon of March 16.

Including three tournament triumphs, the Newell passers will carry a record of 13 victories against five defeats—four of them at the hands of Class A opponents—into tomorrow night's game with Ridgeley.

The team has the solid backing of the community, and several hundred enthusiastic fans will make the trip to the tournament site to see the Green and White in action.

Coach Robinson, Assistant Coach Pete Horosko, 12 players and two managers will depart for Fairview early tomorrow morning.

Hopes for a state title will rest on the shoulders of Ron and John Laneve, Norman Six, Ron Johnson, Don Reppard, Jim McDevitt, Frank Mangano, David White, Wayne Swift, Bob Thome, Jack McCuen and Don McGowan, the dozen hopefuls who will make the trip.

The starting array will show Ron Laneve, one of the leading scorers in Class B ranks who set a new single game record of 64 points during the season, and John Laneve at forwards, Six at center and Johnson and Reppard, the team's two veteran holdovers from the 1949-50 season, at guards.

The managers are Virgil Grimm and Richard Harrison.

Chester Surprises New Martinsville, 45-34

Panthers Gain Berth In Finals Of Region 1

Chester High's hoopsters proved again Wednesday night they are an underrated team when they walloped New Martinsville, 45-34, to advance to the Region 1, Class A finals.

The Panthers, who led the favored Magnolia five all the way in the regional opener at the Bethany College Field House, will clash in Saturday's finals with the winner of tonight's game between Wheeling and Warwood.

3 Ex-Champs Erased In Ohio Cage Firing

Associated Press Sports Writer COLUMBUS, March 8 (AP)—The boys are getting down to the place where they're playing nothing but blue chips in the Ohio high school basketball tournament.

Three former champions—one in Class A and two in Class B—were ushered to the sidelines in last night's torrid firing as the Class A field was whittled to 48 teams from an original 250 and the B brigade to 59 of the starting 900-plus.

Zanesville, the 1926 Class A king, lost 56-54 to East Liverpool as the Potters moved into Saturday's eastern district finals against Martins Ferry.

North Canton, the 1939 Class B winner, was a 48-32 victim at Kent as Cortland rang up its 24th victory in 27 starts. And Eaton's 1948 rulers were swamped 41-27 at Xenia by little Wayne Township of Montgomery county, which won its 25th in 26 starts.

Corning, rated No. 1 in the final Associated Press Class B poll had to put on a Merriwell finish at Athens to stay in the running against little Gibsonville, a school boasting only 16 boys—all of whom are on the cage squad. Corning won 58-56 in an overtime.

Youngstown Rayen, which had won nine and lost 11 of its previous games came up with last night's big upset, a 57-56 triumph over Salem which had dropped only two of 17.

Also in Class A, Cincinnati Roger Bacon extended its winning streak to 22 games with a 39-26 victory over Cincinnati Elder Roger Bacon and Hamilton Public, rated No. 1 in the Class A poll, are favored to meet Saturday in the district finals at Cincinnati.

Sebring touted as one of the strongest Class B teams in the north-eastern sector, its three losses in 21 games being to Class A clubs, showed its power in handing Chester its second loss in 29 games 67-58. In the same meet at Kent, Columbiana's famed Clippers, the 1947 state champs, upset Avon Lake 50-39. Columbiana had lost nine of 21 games while Avon Lake had won 17 of 19.

Except for two games at Athens headlined by unbeaten Chillicothe's clash with the host club the Class A quintets are idle tonight.

Janowicz To Resume Classes At Ohio State
COLUMBUS, March 8 (AP)—Vic Janowicz, Ohio State All-American halfback who was dismissed from school for low grades should be back in class before the end of the month.

Dean Walter C. Weidner of the College of Commerce announced yesterday Janowicz will be readmitted for the spring quarter that will begin March 27.

Janowicz left school at the end of the fall quarter and did not attend during the winter quarter. But he petitioned for readmittance.

If he better his grade average he can remain in school and be eligible for football next fall, university officials said.

Janowicz was named a defensive halfback on the 1950 Associated Press All-America team. He also won the Heisman trophy last year as the nation's outstanding college football player.

Action Resumes Today In Grade Cage Tourney
Sixth St. the defending champion and Garfield were expected to advance to the semi-finals as action in the annual Grade School Basketball League resumes this afternoon at the High School gym.

Garfield co-champions of the league with Sixth St. will meet Grant St. in the afternoon's opener at 4:15 St. Alonius and Pleasant Heights will clash in the second with the Sixth St. Horace Mann and Neville-McKinley games scheduled to follow in that order.

Semi-finals will be run off Tuesday afternoon with finals a week from today.

N.Y.U. Ace Bares Another Garden 'Fix'

NEW YORK, March 8 (AP)—Authorities say Connie Schaff, New York University basketball ace, has admitted accepting a \$1,900 bribe to fix a game last New Year's Day between NYU and Cornell.

The new charge against Schaff, already under arrest for a purported attempt to bribe a teammate, was made by Assistant District Attorney Vincent A. K. O'Connor.

O'Connor said last night that Schaff several days ago told of taking fix money for the NYU-Cornell game and trying to get another player to do likewise.

Schaff is one of 13 players or former players, involved in college basketball's scandal, accused of rigging results of at least 16 games at Madison Square Garden during the last three seasons.

O'Connor said Schaff admitted he talked with two fixers before the Cornell game at the Garden and agreed to try to line up another NYU player for a fix.

The bribe payers and the other player, who turned down the bribe offer, were not named by O'Connor.

Assuming that Schaff had a partner in the scheme, the promised payoff was \$3,000, O'Connor said.

After the game—won by Cornell, 69 to 56, in an upset—Schaff was quoted as saying, the money men gave him \$1,900 and told him.

"We can't give you any more because it was an afternoon game and we couldn't get down many bets and didn't make much money."

Schaff played about three-quarters of the NYU-Cornell contest.

At Ithaca, Cornell Coach R. C. Greene said he is certain his players were not involved in any bribes.

Arrested yesterday and charged with conspiracy and bribery was Sol Leon Rappaport, 25, a Brooklyn button manufacturer.

Rappaport had been hunted since last Jan. 16 after an alleged attempt to fix the Manhattan-Denver game at the Garden.

Called the "Mysterious Stanley" of the Manhattan case, Rappaport is the fifth alleged fixer in both scandals to be accused of bribing college court stars so gamblers could clean up on game results.

Chester Plebes Open 'Last Ditch' Battle Tonight For State Cage Title

Chester High's freshman cagers launch their "last ditch" battle tonight at Charleston High School gymnasium for the West Virginia Junior High championship.

Chester's starting lineup will show Joe Deleka and Dick Fillo at forwards, Terry Martin at center and Bobby Alpino and Howard Reed at the guards.

the opening tipoff scheduled for 8:20.

If triumphant, the Little Panthers will advance to Friday's semi-finals. Finals are scheduled Saturday.

Big Ten, N.C.A.A. Rules Stressed

Bevis Warns Assembly 'Forced' TV Might Cause State To Give Up Football

COLUMBUS, March 8 (AP)—President Howard L. Bevis of Ohio State University believes enforced television of football games might cause the Buckeyes to abandon the sport.

This, in effect, is the gist of what he told a committee of the Ohio House of Representatives last night.

The committee has before it two bills to require Ohio State to televise its gridiron contests and another to prohibit piping TV-casts to theaters, unless television of football games is made available to the general public.

President Bevis reminded the committee that Western Conference and National Collegiate Athletic Association rules prohibit live television of football contests. And, he added, if Ohio State breaks these rules, it could be left without any opponents.

Abandonment of football at Ohio State could disrupt the university's entire athletic program. For football, which grossed more than \$1,200,000 at Ohio State last year, finances most of the school's other sports.

The Western Conference and N.C.A.A. football TV bans were put into effect because officials feared gate receipts would be reduced sharply.

Mr. Bevis, in effect, asked the legislative committee to let the university trustees work out the tough television problem.

Ohio State, he said, is on record as favoring the policy of live television. But, he added, Ohio State does not wish to incur the wrath of the Western Conference by being the first to violate the conference rule. He declared.

"This (Ohio State's) policy has been expressed through the vote of its representatives to the Western Conference and the N.C.A.A. In both of these organizations its vote has been outweighed heavily by the votes of the representatives of other universities and colleges. Ohio State University, nevertheless, has held to its position."

The Ohio State president told the committee he was unable to say what net effect live television would have upon stadium gate receipts, and added.

"The management and control of the university have, from its inception, been vested in its Board of Trustees and the administrative offices appointed by the board for the purpose. From its inception, the trustees and their appointees have been given virtually complete discretion in the university management. Under the free direction of its trustees, the university has become one of the great schools of the nation. The trustees are a distinguished group of public servants. They devote much time to their task and bring mature judgment to bear upon the university's problems."

"To legislate directly concerning a matter which is essentially a problem of management would be a sharp departure from the policy which, up to the present time, the General Assembly has followed in its relations with the university."

Representative James McGettrick (D) of Cuyahoga County, sponsor of a measure making television of the games mandatory, observed.

"My people can't get down here every week, and if they could, they couldn't buy tickets."

Representative Robert R. Shaw (R) of Franklin County, author of the bill prohibiting piping of football TV to theaters, told the committee.

"If we don't do anything at this time, we surely are going to be back here considering the same problem two years from now. If Ohio State goes along with television now, other schools may follow and the whole situation may open up."

Doolittle Will Assist Air Research Command

WASHINGTON, March 8 (AP)—The Air Force has asked Lieutenant General James M. Doolittle to help it set up its new air research and development command.

General Doolittle, who is now with the Shell Oil Co. in New York, led the B-25 raid on Tokyo in 1942. He is expected to serve as a civilian consultant to the Air Force chief of staff, General Hoyt S. Vandenberg.

General Doolittle would work on research and development matters with the new command, which is expected to begin independent operations in May. The command, established in January, 1950, as a planning unit, has supervision over all Air Force field activities supporting research and development.

20 Rules For Keeping Car Fit As Fiddle In Shortage

WITH fewer automobiles being built, Bob Campbell, director of service for the Columbiana County Auto Club, came up today with 20 ways to make your car last longer.

None of the rules are any good, however, unless followed in time, he cautioned. "No matter how good the rules are, they won't help if the car has run too long and too far toward the junk yard."

Here are the rules:
 ▶ Lubricate regularly, don't try to squeeze in an extra 100 miles.
 ▶ Don't drive with your brakes on, not even for a few yards.
 ▶ Change oil, watch the mileage and change sooner, rather than later than required.
 ▶ Pick good roads whenever possible. Bad roads are as hard on your car's chassis as on your back.
 ▶ Tune the engine—and be sure your mechanic knows how!
 ▶ When driving, choose a speed and stick to it, stop-and-go driving wastes gas.
 ▶ Flush the radiator in the

Spring and in the Fall.
 ▶ Don't pump the accelerator pedal; it's hard on the engine.
 ▶ Flush and refill the transmission and rear end according to the manufacturer's advice.
 ▶ Don't grind the starter, it isn't necessary if the engine is right.
 ▶ Check wheel alignment and steering.
 ▶ Avoid low-gear driving; it gives fewer miles per gallon.
 ▶ Check battery, wires, horns and lights regularly.
 ▶ Don't accelerate just to show off.
 ▶ Replace broken glass, even in a minor accident, broken glass can be dangerous.
 ▶ Check tires, replace any that are badly worn, it pays in the long run.
 ▶ Carry a jack, and other tools for changing tires.
 ▶ Tighten chassis and body bolts regularly.
 ▶ Carry a flashlight, a first aid kit, and facial tissues.
 ▶ Don't put off replacing any worn part, it may be worn worse than you think.

18 Boys Presented Awards At Midland Cub Scout Dinner

EIGHTEEN boys were awarded pins and arrows for various achievements at the annual Blue and Gold dinner of Midland Cub Scout Pack 418 Monday night at the Presentation Lyceum.

Eight dens were represented with 140 parents, scouts and guests present. A merit award to the pack was made by Eugene Coe, commissioner of the Allegheny-Fort Mackintosh Council. Alex Della Valle of Midland, who is a Beaver, the highest rank in scouting, was principal speaker.

William Dickson, committee chairman of Midland district, was toastmaster. Cubmaster Lloyd Murphy made the awards to the following cubs: Billy Mahoney, Bear badge; Jackie Mueller, Bear badge and silver arrow; Paul Mueller, Wolf badge and gold arrow; Joseph Migliore, Francis Delano, Carl Nola, Mike Hornick, David Quiring, Ronnie Erozic, Paul Adams, Jerry Gianilo, Steve Ordick, Barry Silverman and Allen Haggerty, Wolf badges; Don Pickett, Bob Haggerty and Charles Replene, one gold and one silver arrow; and Kenneth Snyder, one silver arrow.

Entertainment included two movies of Cub Pack work and highlights of the 1949 Notre Dame football season.

Rev. George H. Bohlender, pastor of the Presbyterian Church; Rev. Duane T. Stewart, pastor of the Methodist Church; Rev. Fr. Paul Leeger, assistant pastor of the Presentation Catholic Church,

and Rev. Milorad Dobrotka, pastor of the St. George Orthodox Church gave the invocation and benediction.

EAST LIVERPOOL REVIEW, EAST LIVERPOOL, OHIO.

It's Issued Every Month

How The Cost-Of-Living Index Works

By JAMES MARLOW
Associated Press Staff Writer
WASHINGTON, March 8—You hear a lot about the government's cost-of-living index. But what is it? And what does it mean?

It's issued by the government every month to show whether living costs are going up or down. So it's of importance to everyone.

It's of special importance to those thousands of unionized workers whose contracts let them get a pay raise when the index goes up so much.

This is the way the government describes the living cost index:

It shows the change in prices for goods and services "normally" bought by moderate-income families living in large cities.

The word "normally" is important. Normally, people don't buy yachts. So prices are not used in the index to show living costs.

But people normally buy cars and pay for repairs on them and gasoline to run them. And normally they buy TV sets and radios.

So the prices on those things are included in the index, together with prices on the other things for which people normally pay money to live—food, clothing, house furnishings, rent, fuel and things like medical care, theater tickets and bus and trolley fares.

MORE THAN 150 paid people around the country gather the prices on those things for the

Labor Department's Bureau of Labor Statistics.

The figures are sent in here, where a staff of about 250 B. L. S. people works on them, averaging them out.

Because of the time needed to work on the figures, the monthly index always lags a month behind the month for which living costs are reported.

This is how the prices are gathered:

In 22 cities only the prices on food are noted. In an additional 34 cities the field workers gather the prices on food and all the other items in the index.

About 125 housewives, working three or four days a month for the B. L. S., do the job in the various cities on gathering food prices. They check the most important chain stores and a good batch of the independents.

They don't just go around, noting prices casually. The B. L. S.

supplies them with a detailed list of food items on which to check, so that on each item they can tell from month to month whether the price is up or down. Eighteen trained and full-time B. L. S. agents check on rents and all the other items used in the index. Some cities are checked every month, some every three months.

And about 25 staff members of the bureau's five regional offices get in on the act, too.

IN 1949 B. L. S. decided it had better revise its index because it was getting out of date. For example, the index at that time included the price on radio sets but not TV sets.

And in the index the cost of coal for home heating was out of balance because people were turning more to gas and electric heat. Certain foods weren't included in the index, like frozen foods, baby foods, ice cream, cold drinks.

The B. L. S. worked on the revision of its index for two years, putting more emphasis on the

price of certain items, less on others. For example, more on gas and electricity for heating, less on coal; more on the price of TV sets, less on radio sets.

This revised index was issued by the B. L. S. for the first time last Friday. It showed living costs—as of Jan. 15, 1951—had risen 7.9 per cent since Jan. 15, 1950. Under its old index system, living costs had risen 8.8 since Jan. 15, 1950.

The following, based on the new index, shows the groups in the various index groups between Jan. 15, 1950, and Jan. 15, 1951—food, 13.2 per cent; house furnishings, 12.3; rent, 2.9, clothing, 7.3, fuel, 2.4, miscellaneous, 4.5.

Air Force To Sign Aviation Cadets

Prospective aviation cadets will be enlisted in the Air Force before assignment to cadet training under a new policy announced today.

The change requires enlistment for a four-year period as a private unless the individual has specialized skills which permit enlistment in a higher grade.

It has little meaning for cadets who complete pilot or navigator

training since they must serve a minimum of three years as a commissioned officer.

But it does affect cadets appointed from civilian life who may be eliminated from cadet training for academic or flying deficiency prior to completion of the program.

Those individuals previously were given a chance to accept a discharge in contrast to cadets selected from the ranks who returned to their former duty assignments.

Now all eliminated cadets will revert to the grade they held immediately prior to their appointment.

Although principally a western insect, the spruce budworm occasionally invades the eastern and lake states.

Ocean-Going Jeep Frightens The Fish

MARINELAND, Fla. (UP)—Poor fish aren't safe even at the bottom of a pool any more. In a special demonstration for Army observers, a submersible Willys jeep was lowered into 10 feet of water in the big oceanarium here. Frank McCallum, a professional diver who drove the jeep, said it worked fine but it scared the fish.

A couple of the pool's pet porpoises, he said, idled over to see what was going on. When the jeep started forward they turned tail so suddenly the whole pool was thrown into an uproar.

Only the placid sturgeon maintained their composure. They were fascinated by the jeep. Couldn't get enough of it.

Board O.K.'s Weirton Union

Independents Set As Bargaining Agent

PITTSBURGH, March 8 (UP)—The National Labor Relations Board regional office here has certified the Independent Steelworkers Union as the collective bargaining agent for 10,000 production and maintenance employees at Weirton Steel Co. plants in Weirton and Steubenville.

The certification was issued after the C.I.O. United Steelworkers withdrew objections to the election held last fall in which the independent union was a 2-to-1 victor.

The certification apparently ended a dispute between the two unions that began back in the 1930's, when the C.I.O. Steelworkers Union was known as the Steelworkers Organizing Committee.

The Weirton workers first were represented by the Employees Representation Plan, but the organization was ordered disbanded in 1939 after the N.L.R.B. charged that it was company-dominated.

The E.R.P. was followed by the Weirton Independent Union, which won a collective bargaining election over the U.S.W. in 1941. The W.I.U. also was attacked by the N.L.R.B. on the grounds that it was a "company union".

The case dragged through the courts until August, 1950, when three federal judges in Philadelphia agreed that it should be disbanded because of "company interference".

The ISU immediately was formed and petitioned the N. L. R. B. for the right to represent the Weirton workers, the C.I.O.-U.S.W. also petitioned and the collective bargaining election was ordered by the N.L.R.B. In the election, the Weirton workers selected the independent union by a vote of 7,291 to 3,454, marking the third time the U.S.W. was defeated in its attempt to organize the Weirton mills.

Lithography was invented in 1798 by Alois Senefelder, an obscure Bavarian actor and dramatist.

Gottwald Lauds Women's Place In Communist Plan

PRAGUE, March 8 (AP)—President Klement Gottwald received 170 Czech and Slovak women at Prague Castle yesterday and told them "equality between men and women is no longer an empty word as it was under capitalism".

"In the people's democracy," the Communist chief executive said, "we want our women to work not only in secondary places but also in responsible jobs".

He said Czechoslovakia wants more women factory managers, farm co-operative chairmen, en-

gineers, agronomists and technicians and "hundreds of thousands" more women in industry. The women visited him on the eve of International Women's Day.

(A group of Czech exiles in New York said Monday night they had reports that Gottwald and Premier Antonin Zapotocky were under house arrest. Similar reports several weeks ago were not confirmed in Prague.)

Here's the Whole Story of How A&P's "Low Price, Low Profit" Policy Helps the Wage-Earner's Pocketbook...

1. ONLY ONE CENT PROFIT ON YOUR DOLLAR. To enable you to get big values, A&P takes a very small profit... only one cent on a dollar of sales.

2. STOREWIDE LOW PRICES ON HUNDREDS OF ITEMS EVERY DAY, instead of just a few "week-end specials." This helps you save on your total food bill any day you shop.

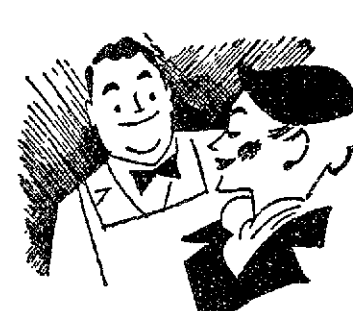

3. ALL ADVERTISED PRICES FULL GUARANTEED FOR A FULL WEEK to protect you against rising prices. This guarantee includes prices of items not subject to price ceilings.

4. PRICES PLAINLY MARKED ON ALL ITEMS. To let you see what you're spending while you shop, A&P plainly marks prices on all items... not just on the shelves.

5. ITEMIZED CASH RECEIPT. To make it easy for you to check your purchases after you get home, A&P gives you a cash register receipt on which each one is itemized.

6. MONEY-BACK GUARANTEE OF SATISFACTION. To assure you of complete satisfaction, A&P guarantees to refund the full purchase price of any article that fails to please you.

A&P Believes This "Low Price, Low Profit" Policy Saves the Wage-Earner More Money

Customers' Corner

We have always been proud of the outstanding meat values we offer at A&P.

But we know that value means more than just low prices.

That's why our skilled meat buyers are trained to know quality and insist upon it.

That's why our skilled butchers are trained to cut meat properly, weigh it accurately, wrap it securely... in short, to give you the kind of meat and service you want.

If there's anything we can do to make your meat department a better place to shop, please let us know. Please write:

Power Company Denies New Plan Is 'Inconvenience'

The Ohio Power Co., whose new system of mailing bills every two months, instead of monthly, is under attack in the Ohio Legislature, said today there have been few complaints about the change.

Representative Delmar T. O'Hara of Wellsville introduced a resolution in the Legislature Tuesday, asking appointment of a three-man commission to investigate the new system. He said it is an inconvenience to customers. Ohio Power, in a statement today, said the plan was started to cut down operating costs. Officials pointed out it had full approval of the Public Utilities Commission before it was placed in effect last month.

The company stated: "Our customers generally feel it is an added convenience to pay their electric bills every other month, instead of monthly. We have had very few complaints, and even in those cases an ex-

Weather Held Factor In Job Improvement

Idle Claimants Must Make Sincere Effort To Find Employment

Figures don't show the entire unemployment picture in the East Liverpool district, Harry L. Dinsmore, manager of the Ohio State Employment Service office here, said today in his monthly report for February.

A break in the weather late last month brightened the picture a little over January as more workers secure outside construction jobs and relief from the industrial gas shortage permitted return of idled employees, Mr. Dinsmore explained.

Fewer people were seeking work last month, the report shows. There were 474 looking for jobs, compared to 597 in January.

But the number seeking work dropped from 129 to 99 last month and job openings declined from 137 to 105.

The average weekly number filing claims climbed from 129 to 136.

Mr. Dinsmore stressed that jobless workers who claim unemployment benefits are denied compensation unless they can show they are actively seeking suitable work while idle.

He cited the case of a Cleveland waitress who lost her unemployment benefits for failure to live up to the requirement.

The requirement makes it necessary for a claimant to show a sincere effort to obtain work and act in a reasonable way to secure employment while claiming compensation.

As the BUC's Board of Review announced the ruling on the waitress' case, the Ohio Supreme Court reached a similar verdict yesterday at Columbus.

It held Geneva Shannon of Youngstown must prove she made a reasonable attempt to find a job to get benefits.

She filed a claim July 3, 1946. It was disallowed, but Common Pleas Court reversed the Board of Review. The Appellate Court upheld the worker, but that decision was reversed.

Unemployed workers here received \$2,999.50 in benefits during January, he said. The average weekly check was \$22.90.

The market ST. office has 105 jobs open for available workers meeting the specific requirements. Claimants receiving unemployment compensation fail to meet the training and experience requirements of the employers registering the jobs.

AMERICA'S AUTOMOBILES are more deadly than its wars. Figures of the Association of Casualty and Surety Companies show the millionth American soldier since 1775 will die in action soon, probably on a Korean battlefield while trends change sharply. And the millionth American will die in a traffic accident soon, although automobiles have been killing people only since about 1900. U. S. war deaths to date total about 993,550, traffic deaths total about 964,132.
